---

Professional Training and Technical Skills

MERN Stack Training — Broadway Infosys
Focused on:

- MongoDB, Express.js, React.js, Node.js
- REST API development
- Authentication & Authorization
- Frontend UI/UX fundamentals
- Version control with Git & GitHub
- Real-world project development practices

CCNA Fundamentals (7-Day Training) — *Completed*
Gained basic knowledge of networking concepts, IP addressing, routing, switching, and network troubleshooting.

Soft Skills

- Attention to detail
- Self-motivated
- Problem-solving
- Team collaboration
- Communication

Projects & Experience

MERN E-Commerce Application

Developed a full-stack e-commerce web application during MERN Stack training using MongoDB, Express.js, React.js, and Node.js. Implemented product management, user authentication, RESTful APIs, and a responsive frontend interface.

Online Vege-Mart (Hackathon Project)

Developed a web application connecting farmers directly with consumers.

- Created product listing modules with real-time inventory updates.
- Helped integrate a secure payment system.
- Improved local supply chain efficiency by bridging farmers and buyers.
- Collaborated with teammates under time-bound hackathon conditions.

Password Manager Application (saves your passwords)

Building hands-on projects to strengthen understanding of:

- Responsive UI design
- API integration
- Modern JavaScript practices
